NOVEMBER 2024 Edition

### End of Year Children's Christmas Party

As Christmas is celebrated every year it's the tradition of KSPH to end the school year with a Christmas children's party celebration. The fun and joy that characterises that event makes you feel like every child should have an opportunity to enjoy that experience in their life time.

Children enjoyed each and every bit of this event, there was lots of food, gifts, cake and snacks. We thank every one who contributed to this great day.

### Staff Houses Hand Over Ceremony by the Free Masons

For the impact teachers make in every one's life, they should be some of the most respected professions in the world. A descent living is what they deserve for the handwork invested in their learners. On 15th November the Free Masons handed over a 10-unit staff flat they recently constructed for the school. It was very special moment as the staff in a poem expressed their gratitude to the team of donors. The Districted Grandmaster presided over the function and was in turn grateful for how KSPH was contributing to transformation of lives of special needs children. Thank you so much Free Masons.
